

# Paraben Consumer Software

## Benefits of Becoming a Reseller

Whether you have your own website selling spy gear, security gear, data recovery products, high tech gadgets or you have clients that may need the technology, reselling Paraben Consumer Software's line of data recovery and investigation tools is a no brainer. Not only do you immediately get the reputation of over 14 years of computer forensic expertise, you can offer your customer more than just a product, you can offer them the Paraben experience.

When people buy our products through our reseller network, our job has just begun. While most users can use our products with ease, the nature of the market means many users are not computer experts. Not only do we provide hands-on how to videos and documentation, we provide customer support through the phone and email. Once you sell one of our products, you don't want to have to deal with customer support. That's our job.

## Why You Should Sell Paraben Consumer Software Products

- **Superior Products:** We have been programming our products for over 14 years. Our standard is set by our digital forensic examiner's high demands. Our consumer customers reap the benefits.
- **MAP Pricing:** Our innovative products have a long lifespan and we maintain strict MAP pricing to protect our reseller network.
- **No Minimum Purchase Requirements:** You can purchase as many or as few products as you want. There's no minimum order quantities.
- **Drop Shipments:** If you don't want to carry inventory, we'll drop ship for you with no additional fees.
- **Solid Reputation:** Paraben has spent over 14 years developing software for digital forensics. This reputation has made our stick products the best sellers for spy equipment shops.
